

## WARWICK AND LEAMINGTON REPORT

---

### Methodology:

- Survey of n=400 respondents with a max margin of error of +/-5.0 percent at a 95 percent confidence interval.
  - Respondents were Warwick and Leamington residents and eligible to vote in UK General Elections.
  - Minimum quotas set by age, gender, region, education, occupation, tenure and ethnicity, and data weighted where necessary to ensure it is representative of the constituency.
  - Telephone poll between 13<sup>th</sup> – 14<sup>th</sup> September.
  - Soft voters are those voters who are undecided or likely to change their mind. They are the key group of voters that will decide the election outcome.
-
